Notices in writing of proposed amendments and the terms thereof and of motions for any change in the order of business as set forth in the Agenda paper, which are to be circulated to the Fellows before the Meeting, should be forwarded so as to reach the

(4) Any business and motions of which due notice has been given in the following order :—

(*a*) Matters brought forward by the Syndicate.

(*b*) Proposals made by Fellows in the order in which they have been sent up by the Syndicate.

RULES OF DEBATE.

(i)—*Motions.*

9. Every motion shall be affirmative in form, and shall begin with the word *That.*

10. Every motion at a Meeting must be seconded; otherwise it shall drop. Any Fellow may second a motion, by saying "I second the motion," and may reserve his speech.

11. When a motion has been seconded, it shall be stated from the Chair, unless it be ruled out of order.

12. When the proposal has been thus stated, it may be discussed as a question to be resolved either in the affirmative, or in the negative, or as proposed to be varied by way of amendment. When, before or after debate, no Fellow

rises to speak to the motion, the Chairman shall proceed to put the question to the vote in the manner hereinafter mentioned.

13. Not more than one proposal and one amendment thereto shall be placed before the Meeting at the same time.

14. A proposal once brought forward shall not be proposed a second time at the same Meeting, or at any adjournment thereof. A proposal substantially identical in part with one already brought forward may be brought forward with the omission of such part.

(ii)—*Amendments.*

15. Any proposal before the Meeting may be amended (1) by leaving out a word or words; (2) by leaving out a word or words in order to add or insert some other word or words; (3) by adding or inserting a word or words.

16. When the amendment is of the first kind the form in which it will be proposed and handed to the Chair will be, "That the words (mentioning them) be left out of the question."

When the amendment is of the second kind, the form will be, "That the words (mentioning them) be left out of the question, in order to add [or insert] the words (mentioning them)."

When the amendment is of the third kind, the form will be, "That the words (mentioning them) be added [or inserted]."

17. No amendment shall be proposed which would reduce a proposal to a negative form, or would alter the first word.

18. Every amendment must be relevant to the motion upon which it is moved, and be framed so as to form therewith an intelligible and consistent sentence.

19. No amendment shall be proposed which substantially raises a question already disposed of by the Meeting, or is inconsistent with any resolution already passed by it.

20. An amendment, the substance of which has been disposed of in part, may be modified by its proposer so as to retain only the part not so disposed of.

21. The order in which amendments to a proposal are to be brought forward shall be determined by the Chairman.

22. An amendment must be seconded in the same way as a motion; otherwise it shall drop.

23. When an amendment has been moved and seconded, it shall, unless ruled out of order, be stated from the Chair, and then the debate may proceed on the original proposal and the amendment together.

(iii)—*Putting the Question; Further Amendments.*

24. When the debate is concluded, the Chairman shall put the question to the vote thus :—

If there is no amendment, the Chairman shall say "The question is," and state the motion.

If there is an amendment, he shall say "It has been moved," and state the motion; then he shall say "Since which it has been moved by way of amendment," and state the amendment; and then, if the amendment is one of the first two kinds, he shall put the question "Shall the words (or word) proposed to be left out be retained."

If the amendment is of the second kind, and the last-mentioned question has been resolved in the affirmative, the amendment shall drop. If the last-mentioned question has been negatived, the Chairman shall then put the question "Shall the proposed words be added" [or "inserted"].

If the amendment is of the third kind, the first question put shall be "That those words be there added" [or "inserted"].

25. If an amendment is negatived, the original motion shall be again stated from the Chair, and, subject to the foregoing Bye-laws, any other amendment duly notified shall then be proposed thereto.

26. If an amendment is carried, the proposal as amended shall be stated from the Chair, and may then be debated as a substantive question, to which the further amendments to the original proposal of which due notice has been given and so far as they shall be applicable, may be proposed subject to the foregoing Bye-laws; and such further amendments shall be disposed of in the same manner as the original amendment.

27. No question shall be withdrawn from the decision of the Meeting without its unanimous consent; but this consent shall be presumed if the mover states his wish to withdraw the motion, and the Chairman, after an interval during which no dissent is expressed, announces that it is withdrawn.

(iv)—*Adjournments*

28. A proposal "That this Meeting be now dissolved" or "be now adjourned to (some specified time)" may be moved at any time as a distinct question, but not as an amendment, nor so as to interrupt a speech. If a motion for dissolution is carried, the business before the Meeting shall drop.

29. A proposal "That the debate be now adjourned to (some specified time)" may be moved at the like time and in the like manner as the motion "That this Meeting be now adjourned," and if carried shall have the effect of postponing the debate till the time specified. If it be negatived, the debate shall be resumed.

30. No amendment shall be moved to a proposal under either of the two last preceding Bye-laws, except one for substituting a different time for that for which it is proposed to adjourn the Meeting or debate.

31. A Meeting or a debate renewed or continued after an adjournment is to be deemed one with that preceding the adjournment.

32. The motion "That the Meeting pass to the next business on the Agenda paper" may be made at any time, in like manner and subject to the same rules as one for adjournment. If such a motion be carried, the proposal under consideration and the amendment thereon, if any, shall drop.

33. No motion for the dissolution or for the adjournment of the Meeting, or for the adjournment of the debate, or for the suspension of the sitting, or to pass to the next business, shall, except by leave of the Meeting, be moved or seconded by any Fellow who has spoken to the question then before the Meeting, or who during the discussion of such question has already made one of the aforesaid motions. Any such motion shall take precedence of any question that may be before the Meeting, and, if not withdrawn, must be disposed of before such question.

34. When a motion of the class contemplated in the last preceding Bye-law has been brought forward and negatived, no other motion of that class shall be again brought forward until after the lapse of what the Chairman shall deem a reasonable time; nor shall a debate be allowed on such second or subsequent motion brought forward during a debate on the same question.

(v)—*Miscellaneous.*

35. The Fellow who first rises to speak, at the conclusion of a speech, has the right to be heard. In cases

of competition the Chairman shall decide who is in possession of the Meeting.

36. Except as hereinafter provided a Fellow having spoken to a motion or amendment is not at liberty to speak again to such motion or amendment.

37. In so far as the question raised by the amendment is one on which he has not yet spoken, any Fellow may speak to that question, though he has spoken to the original question, or a previous amendment.

38. When the Chairman has ascertained that no other Fellow entitled to address the Meeting desires to speak, the mover of the original resolution may reply upon the whole debate. But the mover of an amendment, or of a dissolution or adjournment, or of the suspension of the sitting, or that the Meeting pass to the next business on the Agenda paper, has no right of reply.

39. No Fellow shall speak to the question after the mover has entered on his reply.

40. The Chairman has the same right of moving or seconding or speaking to a motion or amendment as any other Fellow. But he shall vacate the chair whilst he is so engaged, and the chair shall during such time be taken by the Senior Fellow present not being the Chairman. Without leaving the chair the Chairman may, however, at his discretion, or at the request of any Fellow, explain to the Meeting the scope of any motion or amendment.

41. Any Fellow may, even whilst another is speaking, rise to explain any misconception of expressions used by him, but he shall confine himself strictly to such explanation.

42. Any Fellow may call the Chairman's attention to a point of order even whilst another Fellow is addressing the Meeting, but no speech shall be made on such point of order.

43. The Chairman shall be the sole judge on any point of order, and may call any Fellow to order, and shall have power to take such action as may be necessary to enforce his decision.

44. Any motion or amendment standing in the name of a Member who is absent from a Meeting, or who declines to move it, may be brought forward by any other Member.

45. Meetings of the Senate shall ordinarily be brought to a close at 7 o'clock P.M.

(vi)—*Voting.*

46. On putting any question to the vote, the Chairman shall call for an indication of the opinion of the Senate by a show of hands in the affirmative and negative, or by sitting and rising, and shall declare the result thereof according to his opinion.

47. Any Fellow may then demand a Division, except on a motion of the kind contemplated in Bye-laws 28 and 29.

48. The Chairman shall thereupon give such directions for effecting the Division as he shall consider expedient.

(vii)—*Committees.*

49. The Senate may, when it thinks fit, appoint a Committee consisting of any number of its Members, or it may resolve itself into a Committee.

50. A motion for the appointment of a Committee or for the resolution of the Meeting into a Committee may be made by any Member at any time and without the notice required by Bye-law 4. Such motion must be proposed and seconded, otherwise it shall drop.

51. A motion for the appointment of a Committee must define the purpose for which the Committee is to serve.

The Member moving shall name the persons whom he wishes to form the Committee and the names of such per-

sons shall form part of his motion. Amendments enlarging or restricting the operations of a Committee or proposing the removal or addition of names, may be made without previous notice.

52. The quorum for a Committee of the whole Senate shall be the same as that provided for the Meetings of the Senate, the quorum for a Committee appointed by the Senate shall be not less than a majority of the Members appointed.

54. The resolutions passed by the Senate in Committee shall be embodied in a report by the Registrar, but shall not become final until they have been confirmed by the Senate at a subsequent Meeting.

55. The resolutions of a Committee appointed by the Senate shall be embodied in a report prepared by a Member of the Committee, which report shall be laid before the Committee for adoption or amendment. The report shall be presented to the Senate at its next Meeting subject to the provisions of Bye-law 4 respecting notice.

56. In all cases of election, the election shall be by ballot by means of voting papers.

57. In the case of a contested election between more than two candidates for a paid appointment, the candidates shall be proposed and seconded. The ballot shall then be taken, and the candidate who has the smallest number of votes on a first ballot shall be withdrawn, and another ballot

between the remaining candidates shall then be taken; and so on until the number of candidates is reduced to two, when the final ballot between these two shall be taken.

58. In all other cases of election, each Fellow shall be entitled to give as many votes as there are appointments to be filled, but shall not give more than one vote for one person; and the candidate or candidates having the largest number of votes shall be elected. When rendered necessary by two or more candidates having an equal number of votes, a fresh ballot shall be taken between these candidates; and if in the second ballot the votes are equal, the Chairman shall have a casting vote.

Within two weeks after a Meeting of the Senate, a draft of the Minutes of such Meeting shall be circulated for confirmation to such Fellows as were present, and the Minutes so confirmed shall be attested by the Chancellor, Vice-Chancellor, or Chairman. There is a regular annual prize distribution at which £30 worth of prizes are given away, nearly the whole cost of prizes being borne by subscriptions given by European and Native gentlemen on the spot.

Coimbatore College.

(Affiliated, November 1877.)

About the year 1856 "The Tahsildar's School," so called because a Tahsildar of Coimbatore was its founder, was handed over to a Committee of European and Native gentlemen, under the designation of the 'Coimbatore Anglo-Vernacular School.' But the early promise of the school was belied by subsequent inanition, the teachers were underpaid, and the confidence of the Hindu inhabitants of Coimbatore was not won.

The first new impulse in the right direction may be traced to the Collector, Mr. Thomas. Through his interest in the school the Hindu inhabitants were roused to action, and a large sum of money was raised with which it was proposed to build a school-hall to be called the 'Thomas Memorial Hall.' Many years elapsed before this determination was carried into effect. In the meantime the school-house had to be enlarged, and in 1867 when a European Graduate of this University took charge, he found that the Institution contained about two hundred and fifty boys, the highest class being the Fifth. The fees monthly amounted to about Rs. 200. Under the designation of the 'Coimbatore College,' the Institution has developed into a Collegiate School with an efficient staff of teachers. The College is now as large as it can possibly be under present circumstances, the number on the rolls for last year averaging 628, 52 being in the College Department.

The Institution is dependent entirely upon the Government monthly grant of Rs. 390, and the fees which on an average amounted last year to Rs. 1,000. The school is open to all classes of the community. The majority (about 70 per cent.) are Brahmans, but there are on the rolls Hindus of all the other classes, Muhammadans, Native Christians, Eurasians and Europeans. Muhammadan boys are charged only half the monthly fee.

The teaching staff of the College Department is as follows:—

C. C. Flanagan, Esq., M.A., (Madras), Head Master.
R. Krishna Aiyar, B A, (Madras).
B. Bhujanga Rau, B.A., (Madras).

E. H. Elliot, Esq., B.A, (on other duty).

When in February 1881, Mr. E. H. Elliot, the Head Master of the Cuddalore College, was appointed to act as Assistant Professor in the Presidency College, certain gentlemen of Cuddalore subscribed Rs. 210 to found a prize in Mr. Elliot's name. The sum is invested in Government Paper, the interest thereon forming an annual prize to be awarded to the student who obtains the highest place from the College at the First Examination in Arts.

The staff of Masters has been steadily improved and augmented, and in 1874 a Preparatory F. A. Class was opened, and an F. A. Class in 1875 from which in 1876 students first passed the F. A. Examination Boys from all classes of the community, without any distinction as regards caste or creed, are admissible, but the mass of the school consists of Brahmins, Christians, and Nayars, the latter being most numerous. The total strength of the school is about 450 boys.

The Cochin Government bears the whole expenses of the school excepting a small proportion (about a seventh) which is produced

by fees. The fees at present levied are:—In the F. A. Classes, Rs. 2; Matriculation Class, Re. 1; Upper School, Annas 8; Lower School, Annas 4. There are no Scholarships attached to the school at present, but the Sirkar give occasional help to special cases.

Jaffna Central School.

(Affiliated, November 1881.*)*

This School was established in the year 1834 by the Rev Peter Percival of the Wesleyan Mission, Jaffna. The object of its establishment was to furnish instruction to the Native boys of the town and neighbourhood in the branches of a liberal English education. The curriculum of studies laid down at that time embraced Mathematics (Algebra, Euclid and Arithmetic); Natural Philosophy; the elements of Geography; History, Ancient and Modern; the elements of Latin.

The school rapidly became popular, and its pupils soon numbered, including its lower branch at Wannarponne, 235. In 1853 an English Principal was appointed to take charge of this school. In 1860 it was affiliated to the Madras University, and in the same year was registered as a Grant in-aid School in connection with the then School Commission of the Island. In 1870 the Syndicate of the Madras University having ceased to hold examinations in foreign parts, the connection of this Institution with the University ceased till 1877 when the University examinations were again allowed, and in 1881 the school was affiliated to the Madras University as far as the F. A. Examination.

The school has at present upwards of two hundred students in session. Its teaching staff consists of the Principal, the Rev. A. G. Restarick, B.A., assisted by one Head Master and six Under Teachers. Its curriculum embraces the eight Government Standards together with subjects required for a Matriculation and F. A. course. There are six local Scholarships open to this school of the

Kerala Vidyasala, (Talli, Calicut).

(Affiliated, February 1879)

In June 1877 His Highness the Zamorin Maharaja, Bahadur of Calicut, in conjunction with the senior members of his family, determined, on the advice of the Collector, Mr. Logan, to start an English school for the education of the young Rajas. The school was accordingly opened and held in the Talli Palace. In the course of a few weeks about twenty young Rajas were attending school regularly. This school, named the *Zamorin's High School*, was placed under the charge of Mr. Barrow (a Graduate of Oxford) and three Assistants. In the same year and month a private school was opened by Mr. Barrow under the name of the *Malabar High School*, which soon had nearly two hundred boys on its rolls, and from which five pupils passed the Matriculation Examination of 1877, one being placed in the first class. After some discussion it was resolved to amalgamate the two schools from the beginning of 1878, and to make the new school thus formed select, by admitting only caste boys. This was done, His Highness the Zamorin setting apart a considerable portion of the Talli Palace for school purposes. The name of the amalgamated schools was, at the suggestion of the Collector, changed to that of the *Kerala Vidyasala*.

On the 3rd of August 1878, the Government of Madras passed the following Order (No. 374) on a letter from Mr. Logan, the Collector, bringing to their notice the establishment of the Kerala Vidyasala.—

"His Grace the Governor in Council is pleased to express the utmost satisfaction with the enlightened and liberal action of Manavikrama, Zamorin of Calicut, in establishing the Kerala Vidyasala.

"The Acting Director of Public Instruction will, in communication with the Collector of Malabar, submit detailed proposals for a school Library and Apparatus to be presented by Government in recognition of the public spirit of the leading member of Native society in Malabar." On the 13th September, Government passed the following additional Order (No. 423): "The sum of Rs. 1,815 is placed at the disposal of H. H. the Zamorin, for the purchase of a

small Library, Physical Science Apparatus, and Physiological Diagrams and Models to be used in the Kerala Vidyasala, Calicut."

In February 1879 the school was affiliated to the University of Madras and raised to the grade of a Collegiate School, educating up to the F. A. Standard. His Highness the Zamorin awards thirty-five free Scholarships to students who distinguish themselves at the various public examinations, and to certain poor scholars unable to defray the expenses of their own education. During the year 1881 the Institution worked with considerable success, the average number on the rolls for the year being rather over four hundred, the fee receipts averaging Rs. 750 per mensem.

The school is situated in Talli, occupying that part of the Talli Palace which extends the whole length of the eastern side of the great Talli tank. There are at present upwards of four hundred and fifty boys on the rolls.

The average fee collections now amount to between Rs. 800 and 900 a month; these, with a grant of Rs. 370 per mensem from the Zamorin and the members of his family, constitute the whole income of the school. The fees charged in the various classes are the same as those in Government Colleges (Class A).

The work of the College and Matriculation Classes is shared among the following Masters:—

Ch. G. Fagan, Esq., Principal.
T. Panchapakesa Aiyar, B.A., (Madras), 1st Assistant.

In 1859 the school was placed under Government inspection and had then four classes and several Preparatory Classes. In the fol-

lowing years several classes were added, and in 1867 the first candidates went up for the Matriculation Examination. In April 1883 a Preparatory F. A. Class was opened with nine students and the Institution was affiliated to the University of Madras.

The teaching staff was also improved. In 1879 the school was accommodated in a new building and furnished at a cost of Rs. 14,000. Mangalore College.

(Affiliated, November 1877.)

This is a Government Institution established in 1866 at the request of the Hindu population of the District of South Canara, who subscribed Rs. 65,000 for the purpose.

It embraces three departments, the College, High School, and Middle School. The College Department consists of two classes, the seventh and eighth; the High School of two classes, the fifth and sixth; and the Middle School also of two classes, the Lower Fourth and Upper Fourth. The Institution is open to all classes of the community without any distinction of caste or creed.

The sources of revenue are the interest of the Endowment Fund, which amounts to about Rs. 200 per mensem, and the school fees. The average amount of school fees for the last three years is Rs. 4,993-13-2.

The 'Thomas Scholarship,' founded in memory of H. S. Thomas, Esq., the late Collector of South Canara, is awarded to the student who stands highest in the school at the Matriculation Examination. It is worth Rs. 5 per mensem. There is also a Government Scholarship worth Rs. 15 per mensem which, though not attached to the Institution, has always been held by one of the pupils of this school. It is awarded to the student who passes highest from the school at the F. A. Examination, provided he prosecutes his studies for the B. A. Degree in any recognized College.

Noble College, Masulipatam.

(Affiliated, November 1877.)

This Institution takes its name from the Rev. R. T. Noble, B.A., of Sidney Sussex College, Cambridge, who was one of the two Missionaries first sent to Masulipatam by the C. M. S. in 1841. He opened it with two pupils on November 21, 1843, and continued in charge without break, till his death, October 17, 1865. In 1864 the number on the rolls had reached 300, and a Collegiate Department was begun.

Various circumstances have at times much affected the number and quality of the pupils. In 1852 a Brahmin pupil became a Christian, and the number fell from 80 to 4. Other converts followed in 1856, and the Hindu community becoming alarmed, founded a rival High School, which has naturally the support of many of the chief members of Hindu Society in Masulipatam. High testimony was borne to the Noble School by Sir C. Trevelyan in 1860: it has had some distinguished pupils; and about 300 are still being educated in the School Department and its Branch, in addition to the College Department. There is also a Muhammadan Department attached to the Noble School, which numbers over 80 pupils. The studies range from the English, Telugu, and Hindustani Alphabets to the Matriculation Standard.

The Collegiate Department is steadily increasing. The first M. A. of the Madras University, V. Sundararamayya Garu, was educated up to the F. A. Standard in the school, and until the establishment of the Provincial College at Rajahmundry, it was the only Collegiate Institution in the Northern Circars. A grant-in-aid of about Rs. 1,000 per annum is drawn from Government in aid of the College Department. The remaining cost is borne by the C. M. S. and the Rugby Fox Memorial Fund. The latter was begun in 1848 to provide an Assistant Master, as a memorial of Mr. Noble's first colleague, the

Rev. H. W. Fox, B.A., of Wadham, Oxford, who was educated at Rugby School. The Rev. John Sharp, M.A., of Rugby School, and Queen's College, Oxford, joined the school in that capacity in 1861. On the death of Mr. Noble he became Head Master, and was in charge of the school from October 1865 till April 1878 with the exception of from April 1870 to November 1872, when the Rev. C. Tanner was in charge. The Rev. E. N. Hodges, M.A., Queen's College, Oxford, had charge of the school from April 1878 till February 1883, when the Rev. W. G. Peel, who had been acting Rugby Fox Master during the absence of Rev. A. W. Poole in England through illness, became Head Master, and continued to act as such till January 1885. The Rev. E. W. Elliott, B.A., St. Catherine's College, Cambridge, was appointed Rugby Fox Master for one year on December 1st, 1883. Mr. G. I. Solomon, B.A., D. Anantam Garu, B.A., and K. Rama Chandra Sastri Garu, Telugu Pandit, assist in the Collegiate Department.

Scholarships are annually given by the Lord Bishop of Madras, and the C. M. S. After Mr Noble's death, above Rs. 14,750 were collected for a memorial to him. With this sum, supplemented by Grants from the C. M. S. and Government, a site was purchased, and a large and commodious building was erected for the school. It contains a spacious Hall and suitable class rooms. There is a considerable Library of valuable books, and the school appliances are ample and excellent. A Native Noble Fund provides two Scholarships in the School Department. The C. M. S. and a legacy from Miss Brabazon, a friend of Mr. Noble's, furnish others.

Through the efforts of Rev. E. Noel Hodges, a considerable addition was made to the school-building in 1883. The new erection is chiefly devoted to the use of the College Department, and contains small Geological and Physiological Museums, and a well-found Reference Library. The College students make use of the large ground-floor as a Reading and Consulting room, while the upper floor serves as the Principal's class room.

Pachaiyappa's College.

(Affiliated, February 1880.)

This School and College is a purely Native Institution maintained out of the fruits of Native benevolence, managed by a body of Hindu

Trustees and dedicated solely to the education of the Hindu community, particularly at Madras. Pachaiyappa Mudaliyar, in whose name the Institution is founded, was a wealthy benevolent Hindu gentleman, who dying a hundred years ago when education was almost unknown in Madras, endowed various religious Institutions and private charities with no less than a lac of pagodas. The provisions of the Will, however, were in great part neglected by the Executors so that the Supreme Court at Madras intervened and assumed control of the estate. In the course of time, these funds amounted to nearly 7½ lacs of rupees, and after assigning the original lac of pagodas to the specific religious charities mentioned in the Will, the surplus funds were ordered to be devoted under a Decree of the Supreme Court to educational establishments in various parts of the Presidency, and particularly in Madras itself.

A school was therefore established in Black Town in January 1842, under the name of Pachaiyappa's Central Institution, for affording eleemosynary education to the poorer classes of the Native community in the elementary branches of English literature and science, coupled with instruction in Tamil and Telugu, the Vernacular languages of the Presidency Town, and is controlled by a governing body of Hindu gentlemen, being householders in Madras, called the President and Trustees of Pachaiyappa's Charities. During the early period of this school's existence, its numerical strength was once as high as eight hundred and eighty-two, and when applications for admission continued to pour in from all quarters, it was suggested to the President and Trustees that the Institution having been established for the benefit of the poor, a monthly fee might be justly demanded from all such rich parents as could afford to pay for the tuition of their children, and that the amount of such fees might be appropriated to extending the benefits of the Institution to more deserving objects of charity. This rule about the payment of a school fee was first put in force in April 1849, in which year the standard of studies was also raised by the introduction of the elements of Geometry and Algebra and the Geography and History of India and selections from the English Poets. On the 20th of March 1850 the school was removed to the present building specially built for the purpose, the ceremony of the opening of Pachaiyappa's Hall taking place on the same day amidst a thickly crowded meeting of European and Native gentry, with the late Governor the Right Honorable Sir Henry Pottinger in the chair. Ever since this Institution has continued to progress rapidly, until in 1864 it was raised to the

standard of a High School. The first batch of students matriculated from this school in 1858, when the curriculum of studies was specially adapted to the standard of the Matriculation Examination of the University. It was for a number of years the only Institution in the Town of Madras where the poorer classes of the Hindu population could obtain a liberal education on a secular basis, and it has always been an important feeder to the Government High School now known as the "Presidency College." The usefulness of the High School has been publicly recognized by the Government, the Director of Public Instruction having often commended it as a purely Hindu school which has contributed in no small degree to the spread of enlightenment in Madras.

The Trustees have separated the junior classes commencing from the Upper Fourth and formed them into a separate Institution, designated the "Middle School," under a separate Head Master, in a separate building maintained out of the funds of the late P. T. Lee Chengalroya Nayakar's Charities. In this way the High School has been rendered more manageable and it is hoped more efficient, and at the same time the standard of the senior class has been raised to that of the F. A. Examination, the want of schools of this standard, in which secular education is given, being much felt by the Hindu population of the town.

The Collegiate Department, consisting of two First Arts Classes, was opened in January 1880. These classes now contain 130 pupils, while the High School Department consists of two classes divided into seven sections containing four hundred and twenty boys; and the Institution thus developed is now affiliated to the Madras University.

The following fees are levied :—

Pittapur Raja's College, Cocanada.

(Affiliated, January 1884.*)*

This Institution was established in 1852, through the exertions of Messrs. Prendergast and Tulasinga Chettiyar, with the object of imparting a general knowledge in English and the Vernaculars. It was under the management of a Committee. As the school entirely depended upon local subscriptions and fees, it gradually declined and finally collapsed in the year 1862. In 1863, when Mr. Purvis was

Collector, it was revived by the exertions of that gentleman and of the late Kadambari Jagannatham Pantulugar, the then Deputy Collector, and the school was re-opened on the 28th October 1863 by Mr. H. Morris, the Collector,—Mr. Jagannatham Pantulugar being the Manager of the school. The Government gave a monthly grant of Rs. 70 and the Raja of Pittapur Rs. 100 per mensem towards its maintenance. In 1865 the increasing number of students and the want of sufficient accommodation in rented buildings led the Manager to point out to the public the necessity of erecting a building and of endowing the school in such a way that its permanency be insured. At this time of need the Raja of Pittapur, with his enlightened liberality, came forward and endowed the school with the sum of Rs. 25,000 in Government Paper bought at a high premium for Rs. 28,000, and he also gave a donation of Rs. 2,700 towards the building, Rs. 1,000 for furniture, and a spacious site besides. The Government gave a building grant of Rs. 5,000; and with these amounts a school-room, 100 feet by 15, with verandahs and some smaller rooms, was built. The Government also sanctioned in 1866 a grant of half the cost of the maintenance of the school. Up to that time the instruction given in the school was confined to what is now known as the Middle Class course. In that year the Institution was raised to the Matriculation standard. The existing accommodation being found insufficient for the growing wants of the school, a new block of buildings was constructed on the western side at a cost of Rs 7,000, of which, half was raised by subscriptions, the rest being a Government grant. In the beginning of 1882, the accommodation being found still insufficient, Mr. Pyda Ramakrishnayyagar, a wealthy merchant of the town, with his usual liberality paid Rs. 6,000 towards the erection of an upper-storied Hall, each Hall being 100 feet by 16. This building was opened on the 3rd of March 1883 by His Excellency the Right Honourable M. E. Grant Duff, the Governor of Madras. The Government sanctioned a grant of Rs. 6,000 towards the building and thus the cost of erection was fully met without trenching on the Funds of the Institution, which amount to a little over Rs. 50,000. As the majority of the Matriculates from Cocanada were obliged to discontinue their studies on account of the difficulty and expense they are put to in proceeding to Rajahmundry, the leading Hindu gentlemen of the place expressed a desire that an F. A. Class might be opened, and an application was therefore made to the University and the Institution was raised to the rank of a Second Grade College

in January 1884. The average monthly fees collected in 1883 was Rs. 350, and the Government Grant about Rs. 170. There is a High School, a Middle School, and a Primary School Department attached to the Institution under the same supervision. The number on the Rolls on 31st December 1883 was 320. The Funds of the Institution are managed by a Managing Committee of ten members under the supervision of a General Committee of about 35 members with the Collector of the District as the Ex-officio President.

Free Church Institution and Madras Christian College.

(Affiliated, November 1877.)

This Institution was founded in 1837 by the Rev. John Anderson, the first Missionary of the Church of Scotland to Madras, and it was for a number of years the only one in Southern India where natives of the country could obtain a liberal education. It was originally styled the "General Assembly's Institution," but remaining in dependence on that section of the Church which in 1843 dissolved its connection with the State, it was known from that time till lately as the "Free Church of Scotland Mission Institution." The College Department was opened in 1865: in 1876 its basis was widened: other Christian bodies combined with the Free Church in contributing to its support, and are represented on its Council, so that it has become the main centre of Christian liberal education in Southern India. In accordance with this new development of the Institution, the words "Madras Christian College" were added to its designation.

In 1884 there were about one thousand pupils in the School Department, and in the College Department above four hundred undergraduates. The pupils and students are of all classes of the community.

The first English School in Hyderabad called the City English High School, was founded in the year 1857, where English, Arabic, Persian, Hindustani, Telugu, Mahratti and Kanarese were taught.

Some of these subjects were carried as far as the First Arts Standard. The students of this school were not however prepared for the Madras University, but were drafted either into the Local Medical and Engineering Colleges or into such offices of the State as their qualifications fitted them for. Mr. P. G. Schaffter was the Principal of this Institution.

In 1869 an Engineering College and feeder to it were opened. This feeder, in 1872, was separated from the Engineering College, under the designation of the Chadderghaut Anglo-Vernacular School. Mr. F. Schaffter was appointed the Head Master of this Institution. In 1877 the City English High School and the Chadderghaut Anglo-Vernacular School were amalgamated, and Mr. F. Schaffter was appointed Head Master of the new Institution which was still designated the Chadderghaut Anglo-Vernacular School. In 1877 two students were sent up from this Institution to Bellary to try for the Matriculation Examination of the Madras University, one of whom passed. In 1878 Aghornath Chattopâdhyây, Esq., D.Sc., (Edinburgh), Hope Prizeman, and Baxter Physical Science Scholar, was appointed Principal of this Institution. Sanskrit was at this stage introduced throughout the school and Pandit Padmanabha Sastri was appointed teacher of that language. On the 8th of November 1883, Nisikanta Chattopâdhyâya, Esq., PH.D., was appointed Principal of this College, and took over charge in the beginning of 1884, but resigned a few months afterwards. Mr. W. A. Home, B.A., is at present Officiating Principal. Latin is taught in all the classes, in addition to Persian, Sanskrit, Urdu, and Telugu.

The number of boys on the roll at present is over two hundred and sixty. The fees vary for the different classes from Rs. 3 for the Matriculation to 4 Annas for the lowest class. The system of admitting Free Scholars is still in force. Monthly Scholarships to the total value of Rs. 274, are distributed among the deserving students of the different classes. Students of all denominations are admitted, Muhammadans, Hindus, Europeans, East Indians, Parsis and Sikhs being enrolled in its numbers.

In 1880 H. H. the Nizam's Government applied for and obtained the affiliation of the school to the Madras University up to the F. A. Standard, under the designation of the Hyderabad College. Rajahmundry College.

(Affiliated, November 1877.)

This College was instituted with the view of its supplying a long-felt educational want in the Northern Circars, and affording the students of the upper portion of the Presidency the requisite facilities for qualifying themselves for the Degree Examination from

which, owing to their isolated position, they have been hitherto almost entirely debarred.

It was with this object in view, that in 1868, the school then of the Zillah Grade, was raised to the rank of a Provincial School, but owing to various unfortunate circumstances it remained in effect a Zillah School till the establishment of a First Arts Class in 1873.

Its subsequent success having been such as to warrant the carrying out of the original scheme for its development into a Provincial College, a B. A. Class was formed in 1877, and the Institution now contains its full complement of four College Classes numbering upwards of eighty students.

Arrangements have been made to enable students to appear for the Degree Examination in any of the following Optional Branches, viz. :—

1. Mathematics and Natural Philosophy.
2. Physical Science.
3. Mental and Moral Science.

The teaching staff of the College Department is thus constituted :—

E. P. Metcalfe, Esq., M.A., (Cambridge), Principal.
S. Seshayyah, B.A., (Madras), 1st Assistant, on other duty.
C. Nagoji Rao, B.A., (Madras), Acting 1st Assistant.
S. Sathianadhan, B.A., (Cambridge), Acting 2nd Assistant.
P. Srinivasa Rao Pantulu, B.A., (Madras), 3rd Assistant.
M. Rangacharulu, B.A., (Madras), Science Assistant.

The College is maintained almost entirely from Provincial funds and is open to all members of the community. As regards fees it has been placed in Class A of Provincial Schools and Colleges.

The Raja of Pittapur has placed at the disposal of the Principal, Scholarships amounting to Rs. 40 per mensem to be awarded to poor deserving students in the B. A. Classes, and the Zamindar of Parlakimedy has established two Scholarships of Rs. 20 for students from Ganjam, with preference to Uriyas and Muhammadans, to be held in the same classes.

S. P. G. College, Trichinopoly.

(Affiliated, February 1883.)

This Institution consists of a School and a College. It receives a Government Grant; and the Society for the Propagation of the

Gospel supplies the additional necessary funds. All classes of the community are admitted, but most of the students are Brahmins.

The teachers at present employed in the College are :—

C. W. Pearce, Esq., Principal.
W. L. Bower, Esq., B.A., (Madras).
Jacob Gnanaolivu, B.A., (Madras).
A. V. Panchanathayya, B.A., (Madras).
S. V. Thomas, B.A , (Madras).
P. Annaswami Pillai, Tamil Pandit.
Venkataraghavachariyar, Sanskrit Pandit.

St. Joseph's College, Trichinopoly.

(Affiliated, November 1877.)

St. Joseph's College was originally established at Negapatam in 1846 by the Jesuit Fathers of the Madura Mission for the benefit, primarily, of Catholic children.

After the establishment of the Madras University, the authorities of the College, with a view to contribute their own share to the spread of education, decided to open the Institution to all without distinction of creed or race and to place it under inspection. At the same time they applied for aid to Government, and in 1868 a monthly Grant of Rs. 250 was accorded, to which Rs. 50 was added last year, making a total of Rs. 300.

The two chief sources of support to the College are the endowments of the Institution, and the aid given by the Society of Jesus.

The College was removed to Trichinopoly in 1883 in order to bring the advantages of Higher Education within easier reach of Catholics residing in the several Southern Collectorates, and to provide at the same time a good school for the large Catholic population of Trichinopoly itself, most of whom were unable for reasons of poverty to send their children to Negapatam. The College however at Trichinopoly continues open to all creeds and classes and numbers about 900 students, of whom the major part are non-Catholics.

The instruction imparted ranges from the Elementary to the B. A. Classes, including all the Optional Subjects of the present course and the Optional Branches I, II, IV & V. A large reference library of about 3,000 volumes is at the disposal of the students of the College Department, and there is a good supply of Physical and Chemical apparatus for the Science Branches.

Attached to the College is a large Boarding House for Native Catholic students as well as Lodgings for Brahmin and Caste Hindus within the College compound.

3. "It is of vital importance in education to produce in our "pupils habits of perfect accuracy if possible. . . . . A good deal of "school work . . . . is an arid waste of blunders, where nothing grows "or can grow. The result is feebleness of judgment, and general "muddle-headedness."

4. Striving after perfection or accuracy is, in the earlier stages at least, a great educational evil. "We should not under-estimate "truthfulness and accuracy of statement; but it is impossible for "children to exhaust any subject, however small that subject may be. "The unthinking examiner says to the teacher of primary pupils, "'Do not leave this subject until your pupils know all about it; be "'absolutely thorough in what you teach . . . . .' But this is wrong. "It is not until the mind grows, so that it can reason, comprehend, "and generalize, that it arrives at any good degree of accuracy and "thoroughness."

ENGLISH LANGUAGE.

TIME, 3 HOURS.

I. 1. Write clear praphrases of the following passages :—

(*a*) List; not a sigh! though fall'n on evil days,
With darkness compass'd round—those sightless eyes,
Need not the sun; nightly he sees the days,
Nightly he walks the bowers of Paradise.
High, pale, still, voiceless, motionless, alone,
Deathlike in calm as monumental stone,
Lifting his looks into the farthest skies,
He sat: as when some tempestuous day
Dies in the hush of the majestic eve,
So on his brow—where grief has passed away—
Reigns that dread stillness grief alone can give.

(*b*) Comply with some humours, bear with others, but serve none. Civil complacency consists with decent honesty: flattery is a juggler, and no kin unto sincerity. But while thou maintainest the plain path and scornest to flatter others, fall not into self-adulation, and become not thine own parasite. Be deaf unto thyself and be not betrayed at home. This is the state of man: today he puts forth
The tender leaves of hope; tomorrow blossoms,

The third day comes a frost, a killing frost,
And when he thinks, good easy man, full surely
His greatness is a-ripening, nips his root
And then he falls, as I do.
